WEEK 7 PREVIEWS

PICK ON LEFT · OUR PROJ.

Ceedeez La DD 117 — Njigbas in Paris 90

Jonny has won five straight and owns exactly one quarterback: Trevor Lawrence, on bye, starting. Kimani Vidal (bye) starts too. His best possible lineup with what's on the roster is 91.9. Matthew's set lineup projects 117.2: Maye 20.6, CeeDee 18.5, Nabers 17.7. The commish's only D/ST is the Bills, on bye, but they scored 0 last week, so it's a lateral move. Lock of the Week.

Better luck next time! 115 — Pookie Nacuie 110

Derek is 5-1 and his kicker, Blake Grupe, is on IR, starting, and the only kicker he owns. As set he's at 109.6, with Bryce Young (17.6) starting over Caleb Williams (17.7). Jeremy's 114.5 runs through Gibbs, whose 26.0 is the top projection on any roster in the league. Rashee Rice is out and Jeremy has no healthy WR to swap in, so that slot is a zero either way. Upset Alert.

🏉 111 — Mr Steinfeld And Co 100

Josh Allen is on bye, and the MVP deserves the rest. Justin's lineup currently has seven players: no QB, no K, because Allen and Cam Little are the only ones he owns and both are off. CMC (20.4) and Kyren (19.6) still get him to 100.4. Tommy's 111.4 has the Jaguars D/ST (bye) starting and Amon-Ra (19.5) still on the bench from his bye. Fixed, Tommy's at 123.9.

OG Token 90 — I Don't Know 89

The Bye Week Bowl. Ken has Jakobi Meyers (bye) at flex and Ja'Marr Chase (22.1) parked on the bench since last week's bye. Set 89.5, best 115.7. Nate is starting Davante Adams (out), Tuten (bye) and the Commanders D/ST (bye) with A.J. Brown (16.0, Q) sitting. Set 88.5, best 111.0. Nate is 4th in points and 2-4. First one to open the app wins.

Backshot Brandon 104 — White Guy 90

Connor made a move. Deshaun Watson for Kyler on Oct. 16, then beat the commissioner. He's starting James Cook (bye) now, set 103.5, best 113.7. Logan has the opposite problem: after last week's bye he never put Burrow (19.4), Chase Brown (14.6), Higgins (14.4), Reichard or Ollie Gordon back in. Pierre Strong (3.9) starts. Set 90.2, best 112.1. Three-game streak on the line.

SKATTABUBU 93 — Just missing 9 81

Sarah is starting Herbert and Dicker, both on bye, with Goff (18.5) on the bench. Last week's issue caught Goff starting on his bye. She has range. Set 92.7, best 111.2. Dylan's starting Hampton and Kincaid (both bye) with Jefferson (18.5) benched: 81.1, best 103.6. Dylan is 1-5 and has outscored Sarah by 0.08 on the season.

THE PICKS

RECORD 2-4 · LOCKS 0-1

UPSET ALERT **Better luck next time! over Pookie Nacuie, 115-110.** A 3-3 team beats the 5-1 team because Derek is starting a kicker on injured reserve. Gibbs does the rest.

LOCK OF THE WEEK **Ceedeez La DD over Njigbas in Paris, 117-90.** Jonny's only QB is on bye. This pick was made by the numbers and would have been made regardless. If it loses, the paper will look into the weather.

LINEUP POLICE

AS SET TUESDAY

Nate · 3
Davante Adams (out), Bhayshul Tuten (bye), Commanders D/ST (bye). A.J. Brown and Prescott on the bench.

Justin · 2 empty slots
No QB, no K. Allen and Little are on bye and on the bench, which is correct, and nobody replaced them, which is not. Seven-man lineup.

Jonny · 2 · Sarah · 2 · Dylan · 2
Jonny: Lawrence (only QB), Vidal. Sarah: Herbert, Dicker (only K). Dylan: Hampton, Kincaid. All bye.

Ken · Tommy · Connor · 1 each
Meyers (bye) with Chase benched. Jaguars D/ST (bye) with Amon-Ra benched. James Cook (bye).

Jeremy · Derek · 1 each
Rashee Rice (out). Blake Grupe (IR), at kicker.

Matthew · 1
Bills D/ST (bye), his only defense. A clerical matter. Saquon (out) is correctly benched, for the record.

Clean: Logan
No dead starters. Just five healthy ones on the bench and Pierre Strong at RB. Technically legal.

TRADE REPORT

STILL NOTHING

Trades processed: 0
Six weeks, zero trades. Justin needs a QB and a K for one week. Ken has three QBs and two kickers. Somebody call somebody.

STORYLINES WE'RE WATCHING

- **The drought is over:** Connor made his first move in six weeks and won. Four teams made none this week, including the commish.
- **White guys went 2-0.** Logan and Ken both won Week 6 and are 5-7 combined. Logan's on a three-game streak.
- **Jonny's streak vs. Jonny's QB room.** Five straight wins, one quarterback, zero snaps this week.
- **Tommy snapped his skid** with 133.16 behind two waiver adds. Still benching Amon-Ra.
- **The Josh Allen Index:** 18.3 last week in a loss, which this paper attributes to Justin. This week: bye, also Justin's fault somehow.
- **The paper is 2-4.** The Lock is on the commissioner. No conflicts here.
